(A) Section 4(D)(H)(X) (47 U.S.C. 4(D)(4)(B)) is amended by striking "transmissions, or in the preparation or distribution of any publication used in preparation for obtaining amateur station operator licenses," and inserting "transmission".

(B) The Commission shall modify its rules governing the amateur radio examination process by eliminating burdensome record maintenance and annual financial certification requirements.

(4) STREAMLINE NON-BROADCAST RADIO LICENSE RENEWALS.—The Commission shall modify its rules under section 309 of the Communications Act of 1934 (47 U.S.C. 309) relating to renewal of nonbroadcast radio licenses so as to streamline or eliminate comparative renewal hearings where such hearings are unnecessary or unduly burdensome.

On page 117, between lines 21 and 22, insert the following:

(d) REGULATORY RELIEF.—

(1) STREAMLINED PROCEDURES FOR CHANGES IN CHARGES, CLASSIFICATIONS, REGULATIONS, OR PRACTICES.—

(A) Section 204(a) (47 U.S.C. 204(a)) is amended—

(i) by striking "12 months" the first place it appears in paragraph (2)(A) and inserting "3 months";

(ii) by striking "effective," and all that follows in paragraph (2)(A) and inserting "effective."; and

(iii) by adding at the end thereof the following:

"(3) A local exchange carrier may file with the Commission a new or revised charge, classification, regulation, or practice on a streamlined basis. Any such charge, classification, regulation, or practice shall be deemed lawful and shall be effective 7 days (in the case of a reduction in rates) or 15 days (in the case of an increase in rates) after the date on which it is filed with the Commission unless the Commission takes action under paragraph (1) before the end of that 7-day or 15-day period, as is appropriate."

(B) Section 208(b) (47 U.S.C. 208(b)) is amended—

(i) by striking "12 months" the first place it appears in paragraph (1) and inserting "3 months"; and

(ii) by striking "filed," and all that follows in paragraph (1) and inserting "filed.".

(2) EXTENSIONS OF LINES UNDER SECTION 21; ARMIS REPORTS.—Notwithstanding section 306, the Commission shall permit any local exchange carrier—

(A) to be exempt from the requirements of section 214 of the Communications Act of 1934 for the extension of any line; and

(B) to file cost allocation manuals and ARMIS reports annually, to the extent such carrier is required to file such manuals or reports.

(3) FOREBEARANCE AUTHORITY NOT LIMITED.—Nothing in this subsection shall be construed to limit the authority of the Commission or a State to waive, modify, or forebear from applying any of the requirements to which reference is made in paragraph (1) under any other provision of this Act other law.

On page 118, line 20, strike the closing quotation marks and the second period.

On page 118, between lines 20 and 21, insert the following:

"(c) CLASSIFICATION OF CARRIERS.—In classifying carriers according to 47 CFR 32.11 and in establishing reporting requirements pursuant to 47 CFR part 43 and 47 CFR 64.903, the Commission shall adjust the revenue requirements to account for inflation as of the release date of the Commission's Report and Order in CC Docket No. 91-141, and annually thereafter. This subsection shall take effect on the date of enactment of the Telecommunications Act of 1995."

On page 119, line 4, strike "may" and insert "shall".

On page 120, between lines 3 and 4, insert the following:

"(c) END OF REGULATION PROCESS.—Any telecommunications carrier, or class of telecommunications carriers, may submit a petition to the Commission requesting that the Commission exercise the authority granted under this section with respect to that carrier or those carriers, or any service offered by that carrier or carriers. Any such petition shall be deemed granted if the Commission does not deny the petition for failure to meet the requirements for forbearance under subsection (a) within 90 days after the Commission receives it, unless the 90-day period is extended by the Commission. The Commission may extend the initial 90-day period by an additional 90 days if the Commission finds that an extension is necessary to meet the requirements of subsection (a). The Commission may grant or deny a petition in whole or in part and shall explain its decision in writing.

On page 120, line 4, strike "(c) and insert "(d)".

STEVENS AMENDMENT NO. 1256

Mr. STEVENS proposed an amendment to the bill S. 652, supra, as follows:

At the appropriate place in the bill insert the following:

SEC. 5. SPECTRUM AUCTIONS.

(a) FINDINGS.—The Congress finds that—

(1) the National Telecommunications and Information Administration of the Department of Commerce recently submitted to the Congress a report entitled "U.S. National Spectrum Requirements" as required by section 113 of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923);

(2) based on the best available information the report concludes that an additional 179 megahertz of spectrum will be needed within the next ten years to meet the expected demand for land mobile and mobile satellite radio services such as cellular telephone service, paging services, personal communication services, and low earth orbiting satellite communications systems;

(3) a further 85 megahertz of additional spectrum, for a total of 264 megahertz, is needed if the United States is to fully implement the Intelligent Transportation System currently under development by the Department of Transportation;

(4) as required by Part B of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 921 et seq.) the Federal Government will transfer 235 megahertz of spectrum from exclusive government use to non-governmental or mixed governmental and non-governmental use between 1994 and 2004;

(5) the Spectrum Reallocation Final Report submitted to Congress under section 113 of the National Telecommunications and Information Administration Organization Act by the National Telecommunications and Information Administration states that, of the 235 megahertz of spectrum identified for reallocation from governmental to non-governmental or mixed use—

(A) 50 megahertz has already been reallocated for exclusive non-governmental use,

(B) 45 megahertz will be reallocated in 1995 for both exclusive non-governmental and mixed governmental and non-governmental use,

(C) 28 megahertz will be reallocated in 1997 for exclusive non-governmental use,

(D) 70 megahertz will be reallocated in 1999 for both exclusive non-governmental and

mixed governmental and non-governmental use, and

(E) the final 45 megahertz will be reallocated for mixed governmental and non-governmental use by 2004;

(6) the 165 megahertz of spectrum that are not yet reallocated, combined with 80 megahertz that the Federal Communications Commission is currently holding in reserve for emerging technologies, are less than the best estimates of protected spectrum needs in the United States;

(7) the authority of the Federal Communications Commission to assign radio spectrum frequencies using an auction process expires on September 30, 1998;

(8) a significant portion of the reallocated spectrum will not yet be assigned to non-governmental users before that authority expires;

(9) the transfer of Federal governmental users from certain valuable radio frequencies to other reserved frequencies could be expedited if Federal governmental users are permitted to accept reimbursement for relocation costs from non-governmental users; and

(10) non-governmental reimbursement of Federal governmental users relocation costs would allow the market to determine the most efficient use of the available spectrum.

(b) EXTENSION AND EXPANSION OF AUCTION AUTHORITY.—Section 309(j) (47 U.S.C. 309(j)) is amended—

(1) by striking paragraph (1) and inserting in lieu thereof the following:

"(1) GENERAL AUTHORITY.—If mutually exclusive applications or requests are accepted for any initial license or construction permit which will involve a use of the electromagnetic spectrum, then the Commission shall grant such license or permit to a qualified applicant through a system of competitive bidding that meets the requirements of this subsection. The competitive bidding authority granted by this subsection shall not apply to licenses or construction permits issued by the Commission for public safety radio services or for licenses or construction permits for new terrestrial digital television services assigned by the Commission to replace terrestrial broadcast licenses to existing terrestrial broadcast licensees."

(2) by striking paragraph (2) and renumbering paragraphs (3) through (13) as (2) through (12), respectively; and

(3) by striking "1998" in paragraph (10), as renumbered, and inserting in lieu thereof "2000".

(c) REIMBURSEMENT OF FEDERAL RELOCATION COSTS.—Section 113 of the National Telecommunications and Information Administration Act (47 U.S.C. 923) is amended by adding at the end the following new subsections:

"(4) RELOCATION OF FEDERAL GOVERNMENT STATIONS.—

"(I) IN GENERAL.—In order to expedite the efficient use of the electromagnetic spectrum and notwithstanding section 3302(b) of title 31, United States Code, any Federal entity which operates a Federal Government station may accept reimbursement from any person for the costs incurred by such Federal entity for any modification, replacement, or realignment of equipment, facilities, operating manuals, regulations, or other expenses incurred by that entity in relocating the operations of its Federal Government station or stations from one or more radio spectrum frequencies to any other frequency or frequencies. Any such reimbursement shall be deposited in the account of such Federal entity in the Treasury of the United States. Funds deposited according to this section shall be available, without appropriation or fiscal year limitation, only for the operations of the Federal entity for which such funds were deposited under this section.
