NOTES TO THE REQUEST FORM (PCT/RO/101)

These Notes are intended to facilitate the filling in of the request form. For more detailed information, see the **PCT Applicant's Guide**, a publication of WIPO. The Notes are based on the requirements of the Patent Cooperation Treaty (PCT), the Regulations and the Administrative Instructions under the PCT. In case of any discrepancy between these Notes and those requirements, the latter are applicable.

In the request form and these Notes, "Article", "Rule" and "Section" refer to the provisions of the PCT, the PCT Regulations and the PCT Administrative Instructions, respectively.

Please use a typewriter; check-boxes may be marked by hand with black ink (Rule 11.9(a) and (b)).

WHERE TO FILE THE INTERNATIONAL APPLICATION

The international application (request, description, claims, abstract and drawings, if any) must be filed with a competent receiving Office (Article 11(1)(i))—that is, subject to any applicable prescriptions concerning national security, at the choice of the applicant, either:

(i) the receiving Office of, or acting for, a PCT Contracting State of which the applicant or, if there are two or more applicants, at least one of them, is a resident or national (Rule 19.1(a)(i) or (ii)), or

(ii) the International Bureau of WIPO in Geneva, Switzerland, if the applicant or, if there are two or more applicants, at least one of the applicants is a resident or national of any PCT Contracting State (Rule 19.1(a)(iii)).

APPLICANT'S OR AGENT'S FILE REFERENCE

A file reference may be indicated, if desired. It should not exceed 12 characters. Characters in excess of 12 may be disregarded. (Rule 11.6(f) and Section 109).

BOX No. I

Title of Invention (Rules 4.3 and 5.1(a)): The title must be short (preferably two to seven words when in English or translated into English) and precise. It must be identical with the title heading the description.

BOXES Nos. II AND III

General: At least one of the applicants named must be a resident or national of a PCT Contracting State for which the receiving Office acts (Articles 9 and 11(1)(i) and Rules 18 and 19). If the international application is filed with the International Bureau under Rule 19.1(a)(iii), at least one of the applicants must be a resident or national of any PCT Contracting State.

If the United States of America is designated, all of the inventors must be named as applicants (as well as inventors) for the purposes of that designation (see "Different Applicants for Different Designated States", below).

Indication whether a Person is Applicant and/or Inventor (Rules 4.5(a) and 4.6(a) and (b)):

Check-box "This person is also inventor" (Box No. II): Mark this check-box if the applicant named is also the inventor or one of the inventors; do not mark this check-box if the applicant is a legal entity.

Check-box "applicant and inventor" (Box No. III): Mark this check-box if the person named is both applicant and inventor; do not mark this check-box if the person is a legal

Check-box "applicant only" (Box No. III): Mark this check-box if the person named is a legal entity or if the person named is not also inventor.

Check-box "inventor only" (Box No. III): Mark this check-box if the person named is inventor but not also applicant; do not mark this check-box if the person is a legal entity.

In Box No. III, one of the three check-boxes must always be marked for each person named.

A person must not be named more than once in Boxes Nos. II and III, even where that person is both applicant and inventor.

Names and Addresses (Rule 4.4): The family name (preferably in capital letters) must be indicated before the given name(s). Titles and academic degrees must be omitted. Names of legal entities must be indicated by their full official designations.

The address must be indicated in such a way that it allows prompt postal delivery: it must consist of all the relevant administrative units (up to and including the indication of the house number, if any), the postal code (if any), and the name of the country.

Only one address may be indicated per person. For the indication of a special "address for correspondence", see the notes to Box No. IV.

Telephone, Facsimile and/or Teleprinter Numbers should be indicated for the person named in Box No. II in order to allow rapid communication with the applicant. Any such number should include the applicable country and area codes.

Nationality (Rules 4.5(a) and (b) and 18.1): For each applicant, the nationality must be indicated by the name of the State (i.e., country) of which the person is a national. A legal entity constituted according to the national law of a State is considered a national of that State. The indication of the nationality is not required where a person is inventor only.

Residence (Rules 4.5(a) and (c) and 18.1): Each applicant's State (i.e., country) of residence must be indicated. If the State of residence is not indicated, it will be assumed to be the same as the State indicated in the address. Possession of a real and effective industrial or commercial establishment in a State is considered residence in that State. The indication of the residence is not required where a person is inventor only.

Names of States (Section 115): For the indication of names of States, the two-letter country codes appearing in WIPO Standard ST.3 and in the PCT Applicant's Guide, Annex K, may be used.

Different Applicants for Different Designated States (Rules 4.5(d), 18.3 and 19.2): It is possible to indicate different applicants for the purposes of different designated States. At least one of all the applicants named must be a national or resident of a PCT Contracting State for which the receiving Office acts, irrespective of the designated State(s) for the

States of America is one of the designated States, all of the inventors must be named as applicants for the United States of America and the check-box "This person is also inventor" (in Box No. II) or "applicant and inventor" (in Box No. III) must be marked

For the indication of the designated States for which a person is applicant, mark the applicable check-box (only one for each person). The check-box "the States indicated in the Supplemental Box" must be marked where none of the other three check-boxes fits the circumstances; in such a case, the name of the person must be repeated in the Supplemental Box with an indication of the States for which that person is applicant (see item I(ii) in that Box).

Naming of Inventor (Rule 4.1(a)(v) and (c)(i)): The inventor's name and address must be indicated where the national law of at least one of the designated States requires that the name of the inventor be furnished at the time of filing; for details see the PCT Applicant's Guide, Volume I, Annexes B1 and B2. It is strongly recommended to always name the inventor.

Different Inventors for Different Designated States (Rule 4.6(c)): Different persons may be indicated as inventors for different designated States (e.g., where, in this respect, the requirements of the national laws of the designated States are not the same); in such a case, the Supplemental Box must be used (see item I(iii) in that Box). In the absence of any indication, it will be assumed that the inventor(s) named is (are) inventor(s) for all designated States.

BOX No. IV

Who Can Act as Agent (Article 49 and Rule 83.1bis): For each of the receiving Offices, information as to who can act as agent is given in the PCT Applicant's Guide, Volume I, Annex C.

Agent or Common Representative (Rules 4.7, 4.8, 90.1 and 90.2 and Section 108): Mark the applicable check-box in order to indicate whether the person named is (or has been) appointed as "agent" or "common representative" (the "common representative" must be one of the applicants). For the manner in which name(s) and address(es) (including names of States) must be indicated, see the notes to Boxes Nos. II and III. Where several agents are listed, the agent to whom correspondence should be addressed is to be listed first. If there are two or more applicants but no common agent is appointed to represent all of them, one of the applicants who is a national or resident of a PCT Contracting State may be appointed by the other applicants as their common representative. If this is not done, the applicant first named in the request who is entitled to file an international application with the receiving Office concerned will automatically be considered to be the common representative.

Manner of Appointment of Agent or Common Representative (Rules 90.4 and 90.5 and Section 106): Any such appointment may be made by designating the agent(s) or the common representative in the request or in one or more separate powers of attorney. Each applicant must sign either the request or a separate power of attorney. Where the international application is filed with reference to a general power of attorney, a copy thereof must be attached to the request. Any applicant who did not sign the general power of attorney must sign either the request or a separate power of attorney.

Address for Correspondence (Rule 4.4(d) and Section 108): Where an agent is appointed, any correspondence intended for the applicant will be sent to the address indicated for that agent (or for the first-mentioned agent, if more than one is appointed). Where one of two or more applicants is appointed as common representative, the address indicated for that applicant in Box No. IV will be used.

Where no agent or common representative is appointed, any correspondence will be sent to the address, indicated in Box No. II or III, of the applicant (if only one person is named as applicant) or of the applicant who is considered to be common representative (if there are two or more persons named as applicants). However, if the applicant wishes correspondence to be sent to a different address in such a case, that address may be indicated in Box No. IV instead of the designation of an agent or common representative. In this case, and only in this case, the last check-box of Box No. IV must be marked (that is, the last check-box must not be marked if either of the check-boxes "agent" or "common representative" in Box No. IV has been marked).

BOX No. V

Designation of States (Rules 4.1(a)(iv) and 4.9(a)): The Contracting States in which protection is desired must be designated under Rule 4.9(a) in the request by marking the applicable check-boxes. At least one check-box effecting a specific designation must be marked. *While the general rule is that designations cannot be added after the filing of the international application, it is possible and usual to make a precautionary designation under Rule 4.9(b) covering all other designations which would, as at the international filing date, be permitted under the PCT—see below: Precautionary Designation of States Subject to Confirmation*

Where regional (ARIPO, Eurasian, European and/or OAPI) patents are desired, only one PCT designation fee must be paid for each regional designation made, independently of how many States are covered by each such designation.

ARIPO Patent (AP): Note that Swaziland can only be designated for the purposes of an ARIPO patent and not for the purposes of a national patent. All other PCT Contracting States which are also party to the Harare Protocol can be designated either for a national or an ARIPO patent, or both a national and an ARIPO patent.

Eurasian Patent (EA): All PCT Contracting States which are also party to the Eurasian Patent Convention can be designated either for a national or a Eurasian patent, or both a national and a Eurasian patent. Note, however, that it is not possible to designate only some of these States for a Eurasian patent and that any designation of one or more States for a Eurasian patent will be treated as a designation of all the States which are party to both the Convention and the PCT for a Eurasian patent.

European Patent (EP): Note that Belgium, France, Greece, Ireland, Italy, Monaco and the Netherlands can only be designated for the purposes of the European patent and not for the purposes of a national patent. All other PCT Contracting States which are also party to the European Patent Convention can be designated either for a national or a European patent, or both a national and a European patent.

If an ARIPO or a European patent is desired for only some of the Contracting States of the Harare Protocol or the European Patent Convention, respectively, the names of those States for which a regional patent is not desired may be deleted by striking them out. However, it is recommended that the applicant always designate for the purposes of a regional patent all PCT Contracting States which are party to the Protocol or the Convention, respectively. A decision to proceed with only some of those designations need not be made until entry into the regional phase, at which stage the corresponding regional designation fees must be paid.

Where any of the States party to the Harare Protocol, the Eurasian Patent Convention or the European Patent Convention and the PCT is designated twice, namely *both* for the purposes of an ARIPO, a Eurasian or a European patent *and* for the purposes of national protection, the applicant must pay one

designation fee in respect of the regional patent and as many designation fees as there are national patents or other titles of protection sought (Rule 15.1(ii) and Section 210).

Extension of European Patent (EP) to Certain States: If it is intended, at the time of entry into the European regional phase, to request the extension of the subsequently granted European patent to Albania, Latvia, Lithuania and or Slovenia (and/or to any other PCT Contracting State for which, on the date of filing of the international application, an extension agreement with the European Patent Organisation is in force), Box No. V must contain *both* a designation of the State concerned for the purposes of a national patent and *also* a designation, for the purposes of obtaining a European patent, of at least one PCT Contracting State party to the European Patent Convention.

OAPI Patent (OA): The designation of States members of OAPI and party to the PCT can only be made for the purposes of an OAPI patent (no national protection is available); furthermore, it is not possible to designate only some of them.

Choice of Certain Kinds of Protection or Treatment (Rules 4.12 to 4.14 and Section 202): Where, in any country where it is possible, a national title other than a patent is desired, write after the name of that country on the dotted line the name of the title; that is, "petty patent" (available in Australia), "provisional patent" (available in Kazakstan, Kyrgyzstan, Turkmenistan, Uzbekistan), "utility model" (available in Albania, Armenia, Austria, Brazil, Bulgaria, China, the Czech Republic, Denmark, Estonia, Finland, Georgia, Germany, Hungary, Japan, Kazakstan, Kenya, Kyrgyzstan, Lesotho, Mexico, Poland, Portugal, the Republic of Korea, the Republic of Moldova, the Russian Federation, Slovakia, Spain, Tajikistan, Turkey, Ukraine, Uzbekistan, Viet Nam, OAPI), "utility certificate" (available in Trinidad and Tobago and Uganda) or "inventor's certificate" (available in the Democratic People's Republic of Korea). Where, in Austria, the Czech Republic, Denmark, Estonia, Finland, Germany or Slovakia (the only countries in which this possibility exists), in addition to a patent, a utility model is also desired, write after the name of that country "and utility model".

Where, in respect of any country where it is possible, it is desired that the international application be treated as an application for a certain title "of addition" or as an application for a "continuation" or a "continuation-in-part", write after the name of that country the appropriate words; that is, "patent of addition" (available in Australia, Austria, Georgia, Germany, Malawi, New Zealand, Slovenia, Spain, The former Yugoslav Republic of Macedonia), "certificate of addition" (available in Luxembourg, Madagascar, OAPI), "continuation" or "continuation-in-part" (both available in the United States of America). If any of these indications is used, also indicate in the "Supplemental Box" the State for which such treatment is desired, the number of the parent title or parent application, and the date of grant of the parent title or the date of filing of the parent application, as the case may be (see item IV) in that Box).

If, in Box No. V, the check-boxes for making designations are marked with consecutive Arabic numerals, those indications will be taken to express the applicant's *choice of the order of the designations*; if another form of marking is used, the order will be taken as that in which the marked check-boxes appear on the form. This order will only have any significance if the amount received for the designation fees is insufficient to cover all the designations and remains insufficient after the applicant has been invited to pay the balance due; in that case, the amount received will be applied in payment of the fees for the designations following the said order (Rule 16bis.1(c) and Section 321).

For the designation, for the purposes of a national patent, of a State which has become party to the PCT after the date appearing on the bottom of the second sheet of the request form, the name of the State, preferably preceded by the two-letter

country code, must be given together with an indication, where applicable, whether a special kind of protection or treatment is desired.

Precautionary Designation of States Subject to Confirmation (Rules 4.9(b) and (c) and 15.5): For the applicant's safeguard, the lower part of Box No. V contains a statement indicating the applicant's wish to make, in addition to the specific designations made by marking the check-boxes in the upper part of Box No. V (at least one such designation must be made), a precautionary designation of all other PCT Contracting States which are not specifically designated.

If the applicant does not wish to avail himself of this safeguard and does not want to make any such precautionary designations, the statement must be crossed out.

If the applicant wishes to expressly exclude a certain State from such precautionary designation so that the international application does not have any effect in that State, the name or two-letter country code of that State should be indicated in the space provided. In no other case is it necessary to make use of this possibility.

If, after filing the international application, the applicant notices that there are any omissions and/or mistakes among the specific designations made, it will be possible to rectify the situation by confirming the precautionary designations concerned. The confirmation of any precautionary designation is possible before the expiration of 15 months from the (earliest) priority date indicated in Box No. VI or, where no priority is claimed, the international filing date. To effect such confirmation, the applicant must file with the receiving Office a written notice specifying the name of each State the designation of which is confirmed (with, where applicable, an indication of the kind of treatment or protection desired) and pay to the receiving Office, for each such designation, a designation fee (even where eleven designation fees have already been paid) together with a confirmation fee corresponding to 50% of the designation fee.

The receiving Office will not send to the applicant any reminder or invitation to confirm precautionary designations.

If no precautionary designation is to be confirmed, no action is required by the applicant, and the precautionary designations will then be automatically regarded as withdrawn by the applicant at the expiration of 15 months from the priority date.

BOX No. VI

Priority Claim (Rule 4.10): If the priority of an earlier application is claimed, the declaration containing the priority claim must be made in the request.

The request must indicate the *country* in which the earlier application from which priority is claimed was filed (or, where the earlier application is a regional or an international application, at least one country for which it was filed), the *date* on which it was filed and the *number* it was assigned. If the country and the date are not indicated, the priority claim will, for the purposes of the procedure under the Treaty, be considered not to have been made.

If the earlier application is a regional or an international application, the Office with which that application was filed must also be indicated.

If the application number of the earlier application is not indicated in the request but is furnished by the applicant to the receiving Office or to the International Bureau prior to the expiration of the 16th month from the priority date, it is considered by all designated States to have been furnished in time.

Certified Copy of Earlier Application (Priority Document) (Rule 17.1): The priority document must be submitted to the receiving Office or to the International Bureau before the expiration of 16 months from the priority date or, where an early start of the national phase is requested, not later than at the time such request is made.

Where the priority document is issued by the receiving Office, the applicant may, instead of submitting the priority document, request the receiving Office to prepare and transmit the priority document to the International Bureau. Such request may be made by marking the applicable check-box and by identifying the document. *Attention:* where such a request is made, the applicant must pay to the receiving Office the applicable fee for priority document, otherwise, the request will be considered not to have been made.

Dates (Section 110): Dates must be indicated by the Arabic number of the day, the name of the month and the Arabic number of the year—in that order; after, below or above such indication, the date should be repeated in parentheses, using two-digit Arabic numerals for each of the number of the day, the number of the month and the last two numbers of the year, in that order and separated by periods, slants or hyphens, e.g., "05 March 1992(05.03.92)", "05 March 1992(05/03/92)" or "05 March 1992(05-03-92)".

BOX No. VII

Choice of International Searching Authority (Rules 4.1(b)(vi) and 4.14bis): If there is more than one competent International Searching Authority (ISA) for carrying out the international search in relation to the international application—depending on the language in which that application is filed and the receiving Office with which it is filed—the name of the competent Authority chosen by the applicant must be indicated in the space provided, either by its full name or two-letter code.

Earlier Search (Rules 4.11 and 41.1): The earlier search, if any, must be identified in such a manner that the ISA can retrieve the results easily. Where those results can be used, the ISA may refund the international search fee or a portion thereof.

BOX No. VIII

The number of sheets of the various parts of the international application must be given in the check list in Arabic numerals and the applicable check-boxes must be marked.

Check-box No. 6: Separate Indications Concerning Deposited Microorganisms (Rule 13bis and Section 209): Mark this check-box where a filled-in Form PCT/RO/134 or any separate sheet containing indications concerning deposited microorganisms is filed with the international application. This is not the case if Japan is designated; in that case, Form PCT/RO/134 or any other sheet containing the said indications must be included as one of the sheets of the description.

Check-box No. 7: Nucleotide and/or Amino Acid Sequence Listing (Rule 5.2): Where the description of the international application contains disclosure of a nucleotide and/or amino acid sequence, and a copy of the sequence listing is required in machine readable form by the ISA, the applicant may furnish the listing in machine readable form to the receiving Office with the international application. If this is the case, check-box No. 7 must be marked.

BOX No. IX

Signature (Rules 4.1(d), 4.15 and 90): The signature must be that of the applicant (if there are several applicants, all must

sign); however, the signature may be that of the agent where a separate power of attorney appointing the agent, or a copy of a general power of attorney already in the possession of the receiving Office is furnished. If the power is not attached to the request, the receiving Office will invite the applicant to furnish it subsequently.

If the United States of America is designated and an inventor/applicant for that State refused to sign the request or could not be found or reached after diligent effort, a statement explaining the lack of signature may be furnished. It should be noted that this applies only where there are two or more applicants and the international application has been signed by the other applicant(s). The statement must satisfy the receiving Office. If such a statement is filed with the international application, check-box No. 3 in Box No. VIII should be marked.

SUPPLEMENTAL BOX

The cases in which the Supplemental Box may be used and the manner of making indications in it are explained at the top of that Box.

Statement Concerning Non-Prejudicial Disclosures or Exceptions to Lack of Novelty: Such a statement, unless contained in the description, may be given in this Box. It should comply with the national law applicable by the designated Office to which the statement is addressed.

GENERAL REMARKS

Language of Correspondence (Rule 92.2 and Section 104): Any letter from the applicant to the receiving Office must be in the same language as the international application to which it relates; however, the receiving Office may authorize the use of another language.

Any letter from the applicant to the International Bureau must be in the same language as the international application if that language is English or French; otherwise, it must be in English or French, at the choice of the applicant.

Any letter from the applicant to the ISA or the International Preliminary Examining Authority (IPEA) must be in the same language as the international application to which it relates if this language is Chinese, English, French, German, Japanese, Russian or Spanish; otherwise, it must be in English. However, the ISA or the IPEA may authorize the use of another language.

Arrangement of Elements and Numbering of Sheets of the International Application (Rule 11.7 and Section 207): The elements of the international application must be placed in the following order: the request, the description, the claim(s), the abstract, the drawings (if any). All sheets constituting the international application must be numbered in consecutive Arabic numerals with three separate series of numbers: the first applying to the request, the second applying to the part consisting of the description, the claim(s) and the abstract, and the third applying to the drawings. The numbers must be placed at the top or bottom of the sheet, in the middle, but not in the margin which must remain blank. The number of each sheet of the drawings must consist of two Arabic numerals separated by an oblique stroke, the first being the sheet number and the second being the total number of sheets of drawings (for example, 1/3, 2/3, 3/3).

Indication of the Applicant's or Agent's File Reference on the Sheets of the Description, Claim(s), Abstract and Drawings (if any) (Rule 11.6(f)): The file reference indicated on the request may also be indicated in the left-hand corner of the top margin, within 1.5 cm from the top of any sheet of the international application.

This sheet is not part of and does not count as a sheet of the international application.

NOTES TO THE FEE CALCULATION SHEET (ANNEX TO FORM PCT/RO/101)

The purpose of the fee calculation sheet is to help the applicant to identify the prescribed fees and to calculate the amounts to be paid. It is strongly recommended that the applicant complete the sheet by entering the appropriate amounts in the boxes provided and submit the fee calculation sheet at the time of filing of the international application. This will help the receiving Office to verify the calculations and to identify any error in them.

Information about the applicable fees payable can be obtained from the receiving Office. The amounts of the international and search fees may change due to currency fluctuations. Applicants are advised to check what are the latest applicable amounts. All fees, except in some cases the designation fee, must be paid within one month from the date of receipt of the international application. See below for further details concerning the possibility of later payment of the designation fee.

CALCULATION OF PRESCRIBED FEES

Box T: Transmittal Fee for the benefit of the receiving Office (Rule 14.1): The amount and the due date of the transmittal fee, if any, are fixed by the receiving Office. Information about this fee is contained in Annex C of Volume I of the PCT Applicant's Guide.

Box S: Search Fee for the benefit of the International Searching Authority (ISA) (Rule 16.1): The amount of the search fee is fixed by the ISA. It must be paid within one month from the date of receipt of the international application by the receiving Office. Information about this fee is contained in Annex D of Volume I of the PCT Applicant's Guide.

Where two or more ISAs are competent, the applicant must indicate his choice in the space provided for this purpose and pay the amount of the international search fee fixed by the ISA chosen. Information on the competent ISA and whether the applicant has a choice between two or more ISAs is contained in Annex C of Volume I of the PCT Applicant's Guide.

Box I: International Fee for the benefit of the International Bureau (Rule 15): The international fee consists of a basic fee and as many designation fees as there are specific designations under Rule 4.9(a) in Box No. V (DESIGNATION OF STATES) of the request. The amounts of the basic fee and of the designation fee are as set out in Swiss Francs in the Schedule of Fees and the applicable amounts of those fees in other currencies are as published in the PCT Gazette (Rule 15.2). Information about those fees is also contained in Annex C of Volume I of the PCT Applicant's Guide.

Reduction of the International Fee for Applicants from Certain States: An applicant who is a natural person and who is a national of and resides in a State whose per capita national income is below 3,000 U.S. dollars (according to the average per capita national income figures used by the United Nations for determining its scale of assessments for the contributions payable for the years 1995, 1996 and 1997) is entitled, in accordance with the Schedule of Fees, to a reduction of 75% of certain PCT fees including the international fee. If there are several applicants, each must satisfy the above-mentioned criteria. The reduction of the international fee (basic fee and designation fees) will be automatically available to any applicant (or applicants) who is (or are) so entitled on the basis of the indications of name, nationality and residence given in Boxes II and III of the request.

The fee reduction will be available even if one or more of the applicants are not from PCT Contracting States, provided that each of them is a national and resident of a State that meets the above-mentioned requirements and that at least one of the applicants is a national or resident of a PCT Contracting State and thus is entitled to file an international application.

Natural persons who are nationals of and reside in the following PCT Contracting States are eligible: Albania, Armenia, Azerbaijan, Belarus, Benin, Brazil, Bulgaria, Burkina Faso, Cameroon, Central African Republic, Chad, China, Congo, Côte d'Ivoire, Czech Republic, Democratic People's Republic of Korea, Estonia, Gabon, Georgia, Guinea, Hungary, Kazakhstan, Kenya, Kyrgyzstan, Latvia, Lesotho, Liberia, Lithuania, Madagascar, Malawi, Mali, Mauritania, Mexico, Mongolia, Niger, Poland, Republic of Moldova, Romania, Russian Federation, Senegal, Slovakia, Sri Lanka, Sudan, Swaziland, Tajikistan, The former Yugoslav Republic of Macedonia, Togo, Turkey, Turkmenistan, Uganda, Ukraine, Uzbekistan and Viet Nam. As far as other States are concerned, inquiries should be addressed to the International Bureau.

Calculation of the International Fee (Basic Fee and Designation Fees) in Case of Fee Reduction: Where the applicant is (or all applicants are) entitled to a reduction of the international fee, the total to be entered at box I is 25% of the sum of the amounts entered at boxes B and D (see below).

Box B: Basic Fee. The amount of the basic fee depends on the total number of sheets of the international application, which appears under "Total" in Box No. VIII (CHECK LIST) of the request. The basic fee must be paid within one month from the date of receipt of the international application by the receiving Office.

Box D: Designation Fees. The number of designation fees due corresponds to the number of check-boxes marked in Box No. V of the request.

The number of designation fees which are due is the same as the number of national patents and regional patents in respect of which specific designations under Rule 4.9(a) are made. Only one designation fee is due for the designation "AP", the designation "EA", the designation "EP" or the designation "OA", irrespective of the number of States for which an ARIPO patent, a Eurasian patent, a European patent or an OAPI patent, respectively, is sought.

Where any States are designated twice (once for the purposes of an ARIPO patent, a Eurasian patent or a European patent and once for the purposes of national protection), the applicant must pay one designation fee in respect of the ARIPO patent, the Eurasian patent or the European patent and a further designation fee in respect of each national patent or other title of protection sought (Rule 15.1(ii) and Section 210).

Any designation, in excess of eleven designations for which the fee is due, is free of charge. Therefore, the maximum amount to be indicated in box D is eleven times the amount of the designation fee. If, for example, 15 national patents and four regional patents (an ARIPO patent, a Eurasian patent, a European

patent and an OAPI patent) are sought (totalling 19 designations), the figure to be indicated in box D is eleven times the amount of the designation fee.

The designation fees must be paid within one month from the date of receipt of the international application by the receiving Office or 12 months from the priority date, whichever time limit expires later.

Box P: Fee for Priority Document (Rule 17.1(b)): Where the applicant has requested, by marking the applicable check-box in Box No. VI of the request, that the receiving Office prepare and transmit to the International Bureau a certified copy of the earlier application the priority of which is claimed, the amount of the fee prescribed by the receiving Office for such service may be entered (for information, see Annex C of Volume I of the PCT Applicant's Guide).

If that fee is not paid at the latest before the expiration of 16 months from the priority date, the receiving Office may consider the request under Rule 17.1(b) as not having been made.

Total Box: The total of the amounts entered in boxes T, S, I and P should be entered in this box. If the applicant so wishes,

the currency in which the fees are paid may be indicated next to or in the total box.

Later Payment of Designations Fees: Where the time limit of 12 months from the priority date expires later than one month from the date of receipt of the international application by the receiving Office, and the applicant wishes to delay the payment of the designation fees, it is recommended that the corresponding check-box be marked.

MODE OF PAYMENT

In order to help the receiving Office identify the mode of payment of the prescribed fees, it is recommended that the applicable check-box(es) be marked.

AUTHORIZATION TO CHARGE DEPOSIT ACCOUNT

The receiving Office will not charge fees to deposit accounts unless the deposit account authorization is signed and indicates the deposit account number.

NOTES TO THE DEMAND FORM (PCT/IPEA/401)

These Notes are intended to facilitate the filling in of the demand form and to give some information concerning international preliminary examination under Chapter II of the Patent Cooperation Treaty (PCT). For more detailed information, see the **PCT Applicant's Guide**, a publication of WIPO. The Notes are based on the requirements of the PCT, the Regulations and the Administrative Instructions under the PCT. In case of any discrepancy between these Notes and those requirements, the latter are applicable.

In the demand form and these Notes, "Article," "Rule" and "Section" refer to the provisions of the PCT, the PCT Regulations and the Administrative Instructions, respectively.

Please use a typewriter; check-boxes may be marked by hand with dark ink (Rules 11.9(a) and (b) and 11.14).

IMPORTANT GENERAL INFORMATION

Who May File a Demand? (Article 31(2)(a) and Rule 54): A demand (for international preliminary examination) may only be filed by an applicant who is a national or resident of a PCT Contracting State which is bound by Chapter II of the PCT, furthermore, the international application must have been filed with a receiving Office of, or acting for, a State bound by Chapter II. Where there are two or more applicants (for the same or different elected States) at least one of them must qualify.

Where Must the Demand Be Filed? (Article 31(6)(a)): The demand must be filed with a competent International Preliminary Examining Authority (IPEA). The receiving Office with which the international application was filed will, upon request, give information about the competent IPEA (or see Annex C of Volume I of the PCT Applicant's Guide). If several IPEAs are competent, the applicant has the choice and the demand must be filed with (and the fees must be paid to) the IPEA chosen by the applicant. The IPEA chosen by the applicant may be identified, preferably by an indication of the name or two-letter code of the IPEA, at the top of the first sheet of the demand in the space provided for that purpose.

When Must the Demand Be Filed? (Article 39(1)): The demand must be filed before the expiration of *19 months from the priority date* in order to extend the time limit for entering the national phase of the PCT procedure from 20 to 30 months from the priority date. *Warning:* if the demand is filed later, the national phase will not be delayed in respect of the elected States and the applicant must enter the national phase before the expiration of the time limit applicable under Article 22 (which is usually 20 months from the priority date).

In Which Language Must the Demand Be Filed? (Rule 55.1): The demand must be filed in the language of the international application if that language is Chinese, English, French, German, Japanese or Russian; otherwise, the demand must be filed in English.

In Which Language Must Amendments Be Filed? (Rule 66.9): Amendments and letters relating thereto must be in the language of publication.

What is the Language of Correspondence? (Rule 92.2 and Section 104): Any letter from the applicant to the IPEA must be in the same language as the international application to which it relates. However, the IPEA may authorize the use of another language for letters which do not contain or relate to amendments of the international application. Any letter from the applicant to the International Bureau must be in English or French, at the choice of the applicant. However, if the language of the international application is English, the letter must be in English; if the language of the international application is French, the letter must be in French.

Which Fees Must Be Paid and When? (Rules 57 and 58): At the time the demand is submitted, the applicant must pay the preliminary examination fee and the handling fee. The Fee

Calculation Sheet should be used for that purpose. For details concerning the payment of the fees, see the Notes to that Sheet.

BOX No. I

Applicant's or Agent's File Reference: A file reference may be indicated, if desired. It should not exceed 12 characters. Characters in excess of 12 may be disregarded (Section 109).

Identification of the International Application (Rule 53.6): The international application number must be indicated in Box No. I. Where the demand is filed at a time when the international application number has not yet been notified by the receiving Office, the name of that Office must be indicated instead of the international application number.

International Filing Date and (Earliest) Priority Date (Section 110): Dates must be indicated by the Arabic number of the day, the name of the month and the Arabic number of the year—in that order; after, below or above such indication, the date should be repeated in parentheses, using two-digit Arabic numerals for each of the number of the day, the number of the month and the last two numbers of the year, in that order, and separated by periods, slants or hyphens, e.g., "05 March 1992 (05.03.92)", "05 March 1992 (05/03/92)" or "05 March 1992 (05-03-92)". Where the international application claims the priority of several earlier applications, the filing date of the earliest application whose priority is claimed must be indicated as the priority date.

Title of the Invention: If a new title has been established by the International Searching Authority, that title must be indicated in Box No. I.

BOX No. II

Applicant(s) (Rule 53.4): All the applicants for the elected States must be indicated in the demand: an applicant named in the request (Form PCT/RO/101) for a State which is not elected need not be named in the demand. It should be noted that the persons named as "inventor only" in the request need not be named in the demand.

Make in Box No. II of the demand the required indications as appearing in Boxes Nos. II and III of the request. The Notes to the request apply *mutatis mutandis*. If there are two or more applicants for the States elected in the demand, give the required indications for each of them; if there are more than three applicants, make the required indications on the "Continuation Sheet".

If different applicants are indicated in the request for different designated States, indicate in Box No. II of the demand only the applicants for the States elected in Box No. V (no indication of the States for which a person is applicant need be made, because those indications have been made in the request).

BOX No. III

Agent or Common Representative (Rules 53.5, 90.1 and 90.2): Mark the applicable check-boxes to indicate *first* whether the person named in this Box is agent or common representative, *then* whether that person *has been appointed earlier* (i.e., during the procedure under Chapter I), or *is appointed in the demand* and any earlier appointment of another person is revoked, or *is appointed specifically for the procedure before the IPEA* (without revocation of any earlier appointment), in addition to the person(s) appointed earlier.

Where an additional person is appointed specifically for the procedure before the IPEA, all notifications issued by the IPEA will be addressed only to that additional person. A separate power of attorney must be filed with the IPEA, the International Bureau or the receiving Office, if the person appointed at the time the demand is filed (i.e., was not appointed earlier) signs the demand on behalf of the applicant (Rule 90.4).

Address for Correspondence (Rule 4.4(d) and Section 108): Where an agent is appointed, any correspondence intended for the applicant will be sent to the address indicated for that agent (or for the first-mentioned agent, if more than one is appointed). Where one of two or more applicants is appointed as common representative, the address indicated for that applicant in Box No. III will be used.

Where no agent or common representative is appointed, any correspondence will be sent to the address, indicated in Box No. II, of the applicant (if only one person is named as applicant) or of the applicant who is considered to be common representative (if there are two or more persons named as applicants). However, if the applicant wishes correspondence to be sent to a different address in such a case, that address may be indicated in Box No. III instead of the designation of an agent or common representative. In this case, and only in this case, the last check-box of Box No. III must be marked (that is, the last check-box must not be marked if either of the check-boxes "agent" or "common representative" in Box No. III has been marked).

BOX No. IV

Statement Concerning Amendments (Rules 53.2(a)(v), 53.9, 62, 66.1 and 69.1): The international preliminary examination will start on the basis of the international application as filed or, if amendments have been filed, as amended. Mark the appropriate check-box(es) to enable the IPEA to determine when and on what basis it can start international preliminary examination.

Mark check-box (i) where the international preliminary examination should start on the basis of the international application as filed.

Mark check-boxes (ii) and/or (iii) where amendments are to be taken into account and submit *with the demand* a copy of amendments to the claims under Article 19 (Rule 53.9(a)(ii)) and/or the amendments of the international application under Article 34 (Rule 53.9(c)), as the case may be. If a check-box is marked but the demand is not accompanied by the documents referred to, the start of international preliminary examination will be delayed until the IPEA receives them.

Mark check-box (iv) if amendments of the claims under Article 19 have been filed with the International Bureau during the Chapter I procedure, but the applicant does not want that

these amendments be taken into account for the purpose of international preliminary examination when the latter starts (Rule 53.9(a)(ii)).

Mark check-box (v) where the time limit for filing amendments of the claims under Article 19 has not expired at the time the demand is filed and the applicant wants to keep the option for the filing of such amendments open; the IPEA is thus requested to postpone the start of international preliminary examination (Rules 53.9(b) and 69.1(d)). It should be noted that the examination will start in any event after the expiration of 20 months from the priority date even where the time limit for filing amendments has not yet expired or no amendments have been received by the IPEA.

If no check-box is marked, refer to the footnote at the bottom of Box No. IV.

BOX No. V

Election of States (Rule 53.7): Only States which are bound by Chapter II of the PCT and which have been designated in the international application (i.e., States whose designations have been made under Rule 4.9(a), confirmed under Rule 4.9(c) or considered as having been made under Rule 32.2(a)(i)) can be elected. They are the "eligible States."

For the convenience and protection of applicants, the check-box in Box No. V has been pre-marked so that all eligible States are automatically elected. It is only where the applicant does not wish to elect certain eligible States that the name(s) or country code(s) of those States must be indicated on the dotted line, after the word "except."

The indication in the demand of the kind of protection or treatment desired for any elected State is not required since it follows the indication made when designating that State in the international application. *Greece and Spain* are not eligible because they are not bound by Chapter II and cannot be elected; however, if they have been designated in the international application for a European patent together with at least one other Contracting State of the European Patent Convention bound by Chapter II, the time limit under Article 39(1) applies also with respect to those States if the other State has been elected before the expiration of 19 months from the priority date.

BOX No. VI

Check List: It is recommended that this Box be filled in carefully in order for the IPEA to determine as soon as possible whether it is in possession of the documents on the basis of which the applicant wishes international preliminary examination to start.

BOX No. VII

Signature (Rules 53.8, 90.3(a) and 90.4(a)): The demand must be signed by the applicant or by his agent; if there are two or more applicants, the common representative may sign the demand. If the demand is not signed by (all) the persons who are applicants for the elected States (a person who is applicant only for a State which is not elected need not sign the demand), a power of attorney signed by that (all those) applicant(s) must be filed with the IPEA, with the International Bureau or with the receiving Office unless the agent has previously been appointed.

NOTES TO THE FEE CALCULATION SHEET (ANNEX TO FORM PCT/IPEA/401)

The purpose of the fee calculation sheet is to help the applicant to identify the prescribed fees and to calculate the amounts to be paid. It is strongly recommended that the applicant complete, by entering the appropriate amounts in the boxes provided, and submit the fee calculation sheet at the time of filing of the demand. This will help the International Preliminary Examining Authority (IPEA) to verify the calculations and to identify any error in them.

CALCULATION OF PRESCRIBED FEES

Two fees must be paid for international preliminary examination:

- (i) the preliminary examination fee for the benefit of the IPEA (Rule 58 1),
- (ii) the handling fee for the benefit of the International Bureau (Rule 57)

Both fees must be paid to the IPEA upon filing the demand in a currency acceptable to that Authority

Information about the amount of those fees or about equivalent amounts in other currencies can be obtained from the IPEA or the receiving Office. This information is also published in Annex E of Volume I of the PCT Applicant's Guide and from time to time in Section IV of the PCT Gazette.

Box P: The amount of the preliminary examination fee must be entered in Box P.

Box H: The amount of the handling fee must be entered in Box H.

Reduction of the Handling Fee for Applicants from Certain States: An applicant who is a natural person and who is a national of and resides in a State whose per capita national income is below 3,000 US dollars (according to the average per capita national income figures used by the United Nations for determining its scale of assessments for the contributions payable for the years 1995, 1996 and 1997) is entitled, in accordance with the Schedule of Fees, to a reduction of 75% of certain PCT fees including the handling fee. If there are several applicants, each must satisfy the above-mentioned criteria. The reduction of the handling fee will be automatically available to any applicant (or applicants) who is (or are) so entitled on the basis of the indications of name, nationality and residence given in Box H of the demand.

The fee reduction will be available even if one or more of the applicants are not from PCT Contracting States, provided that each of them is a national and resident of a State that meets the above-mentioned requirements and that at least one of the applicants is a national or resident of a PCT Contracting State and thus is entitled to file an international application

Natural persons who are nationals of and reside in the following PCT Contracting States are eligible: Albania, Armenia, Azerbaijan, Belarus, Benin, Brazil, Bulgaria, Burkina Faso, Cameroon, Central African Republic, Chad, China, Congo, Côte d'Ivoire, Czech Republic, Democratic People's Republic of Korea, Estonia, Gabon, Georgia, Guinea, Hungary, Kazakhstan, Kenya, Kyrgyzstan, Latvia, Lesotho, Liberia, Lithuania, Madagascar, Malawi, Mali, Mauritania, Mexico, Mongolia, Niger, Poland, Republic of Moldova, Romania, Russian Federation, Senegal, Slovakia, Sri Lanka, Sudan, Swaziland, Tajikistan, The former Yugoslav Republic of Macedonia, Togo, Turkey, Turkmenistan, Uganda, Ukraine, Uzbekistan and Viet Nam. As far as other States are concerned, inquiries should be addressed to the International Bureau.

Calculation of the Handling Fee in Case of Fee Reduction: Where the applicant is (or all applicants are) entitled to a reduction of the handling fee, the total to be entered at Box H is 25% of the handling fee.

Total Box: The total of the amounts inserted in Boxes P and H is the amount which must be paid to the IPEA.

MODE OF PAYMENT

In order to help the IPEA identify the mode of payment of the prescribed fees, it is recommended to mark the applicable check-box(es).

AUTHORIZATION TO CHARGE DEPOSIT ACCOUNT

The applicant should check whether the IPEA allows the use of deposit accounts for payment of PCT fees. In addition, it is recommended that the applicant check what are the specific conditions applicable to the use of deposit accounts with the IPEA since not all IPEAs provide for the same services.

Finally, if the IPEA is not the same national Office or intergovernmental organization as that with which the international application was filed, the deposit account with the receiving Office cannot be charged for the purpose of paying the preliminary examination and handling fees due to the IPEA.

The IPEA will not charge fees to deposit accounts unless the deposit account authorization is signed and indicates the deposit account number.
