

Data Rights Amendment to S. 1657

"(b) Technical data generated in performance of a contract and required to be submitted to the Government relating to a subject invention or to any product or process which includes a subject invention or relating to experimental, developmental or research work under a contract as defined in section 103 or relating to another agreement with the Government shall be the property of the contractor subject to a free license in the government for governmental purposes as specified in the contract and, together with other technical data submitted by the contractor, shall be exempt from mandatory public disclosure."
