Vice President  
Business and Finance

February 5, 1962

Trust Officer

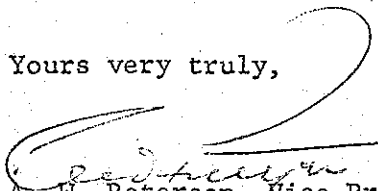

Mr. Ward Ross  
Wisconsin Alumni Research Foundation  
506 North Walnut Street  
Madison 5, Wisconsin

Dear Mr. Ross:

In reply to your request for information relating to research projects supported by the National Institutes of Health, I enclose a list of NIH grants in effect at the University of Wisconsin as of February 1, 1962. To the best of our knowledge, this is a complete list of projects currently in effect, but we would not want to guarantee the accuracy of it.

In order that some effort may be made to keep the list up-to-date, we would propose to send to you a copy of the letter prepared by this office for the President's use in reporting NIH grants to the Regents. These memoranda include the names of the principal investigators, but as with the enclosed list, do not list the names of all the individuals who may be paid from these grants. It would be very difficult to provide such a list, but we shall be glad to discuss these problems with you if you so desire.

Yours very truly,

  
A. W. Peterson, Vice President -  
Business and Finance
