MEMORANDUM

TO: Officers and Trustees
Society of University Patent Administrators

FROM: Cynthia J. Hanson 

SUBJECT: Attached Letter to Dr. Richard C. Atkinson

DATE: November 20, 1978

Enclosed for your information is a letter which was sent to Dr. Atkinson of NSF from Dr. Olson proposing the establishment of an institutional grant system for universities based on the recognition of invention royalty income. This grant system is being proposed in an effort to expand university technology transfer programs and to assist in research activities. Preliminary discussions with Dr. Atkinson about this proposal were favorable and we are hopeful that the National Science Foundation will consider the establishment of this program. I will keep you informed in this matter. If you have any comments or wish to discuss the proposal, please feel free to call Dr. Olson or myself (303 491-7194).

Enclosure
cc: G. G. Olson
