Dear Howard:

Enclosed are drafts of letters that John Pike, Reuben Lorenz and Hector DeLucca might use in communicating their continued support for HR 1937 to Representative Kastenmeier.

As I indicated, it is expected that this bill will come up in Kastenmeier's Subcommittee for what is known as a mark-up during the week of March 29. Therefore, it is important that we do whatever we can to make sure he knows that Madisonians are looking to him for leadership in enacting this legislation.

Also, anything you can do through your network of university patent counsel, particularly from Southern California and Boston, would be very helpful.

I would appreciate having copies of the letters as they go out in their final form. Thanks for your help.

Sincerely,

Donald R. Murdoch
