Dear Sir:

The Bill S 1250 is now Public Law 96-480.

The report that goes with the law is

96th Congress 2nd Secsion

Report
HOUSE OF REPRESENTATIVES No 96-1199

You need the report to understand the law. The report is available from your congressman.

I tried to get a few copies of the report for you but they are in limited supply.

HR 6933 may be in trouble because of the march in rights. There is one example that The National Science Foundation did use the march in rights. This example shalld be known to other people that the government is not afraid to use the rights.

Your consideration of this matter will be greatly appreciated.

Very truly yours.
