

COUNCIL ON GOVERNMENTAL RELATIONS

Eleven Dupont Circle, Suite 480 Washington, D.C. 20036 202-861-2595

GOBA meeting file

April 19, 1985

TO: GRANT AND CONTRACT POLICIES COMMITTEE
PATENTS, COPYRIGHTS, AND RIGHTS IN DATA COMMITTEE

FROM: George B. Bush *George Bush*

SUBJECT: Revised Government Data Policy Statement

Enclosed are the following:

- (1) NASA letter of April 2, 1985, objecting to previous versions of the IPC proposed data policy;
- (2) NASA version of what the government data policy statement should look like;
- (3) April 15 IPC redraft of the NASA version, and
- (4) List of members of the IPS (requested by Roger Ditzel).

This revision, which supersedes ones dated April 11, March 27, etc., is considerably different from the one furnished by Milton's memo of March 7, 1985. As suggested by the attached enclosed NASA letter, it is recast as a policy statement rather than as an operational regulation. But, whereas the statement proposed by NASA is aimed only at contracts, the OPTI version covers both kinds of awards, and proposes distinct policies for each.

George Dummer and Ed Yates are acting as the foci for comments from the two committees. Please let one or the other know if you have significant comments or reservations.
