Dear Dan:

Marv left a note for me saying that you were looking for material which might be usable in a press release without too much rewriting. To aid you I am enclosing copies of some material parts of which can be paraphrased or used directly for an appropriate press release. Your attention is particularly directed to the release entitled "News from Birch Bayh" and the statement beginning with paragraph 8 of that news letter. It seems to me that some of this material can be quoted directly in a press release.

We appreciate what you have been able to do with Senator Culver and hope he will join as a co-sponsor particularly when the bill is reintroduced in the next Congress.

Very truly yours,

Howard W. Bremer
Patent Counsel
