Dear Gene:

I have now received a copy of the revised Dole-Bayh bill in what we believe is pretty much the form in which it will be submitted in the 96th Congress. This represents the results of several meetings with Senator Bayh's people and also includes the suggested changes of the COGR Subcommittee on Patents, Trademarks and Copyrights. Other changes may be made in the final polishing process but I do not believe there will be anything substantive. A copy of the bill is enclosed for your information.

Also enclosed are a couple booklets outlining WARF's history which you requested the last time I saw you.

My best regards to both you and Barbara and I hope I shall see you both in this new year.

Very truly yours,

Howard W. Bremer
Patent Counsel
