**Dear Harvey:**

**Attached you will find a copy of the news release which you could not find on the wire the other day. It was apparently from foul-up by the wire service and/or by one of Dole's staff so that it was released before the embargo date of Friday, August 4. It has now apparently been re-released as coming out of a news conference which Dole had in St. Louis.**

**In any event we would appreciate it if you would again check with the wire service on this matter and, since a substantial amount of time has elapsed, if you could make the press release available to the Madison and Milwaukee papers for a news item and indicate that it should be printed because of the University's interest in the subject matter.**

**Thank you for your help.**

**Very truly yours,**
