Office of Senator Birch Bayh  
Room 363 Russell Office Building  
Washington, D. C. 20510

Dear Joe:

As promised during our discussion of S. 3496 you will find attached a copy of the paper by Benjamin Gordon. I think you will find this interesting reading and that it reflects the general attitudes of those that might be opposed to S. 3496.

We are trying to accumulate any additional commentary on provisions of S. 3496 and have a committee meeting set for November 30 to coordinate any and all comments coming in so that we can present you with a concensus on the provisions of the bill in early December. I understand this would conform with your timetable but if you have problems with it please let me know.

Very truly yours,

Howard W. Bremer  
Patent Counsel
