Mr. Joe Allen  
Office of Senator Birch Bayh  
363 Russell Office Building  
Washington, D.C. 20510

Dear Joe:

Enclosed is a copy of an article from Time magazine, October 22, 1979, which you may already have seen.

I did receive your note that the Bill did not go to mark-up. I would hope this could move ahead as soon as possible because of the proliferation of bills being introduced relating to innovation and because of the unfortunate pronouncement by President Carter. If you have a copy of the text of the Carter speech advocating title with license as a solution to the innovation problem I would be pleased to have it.

Also enclosed you will find a copy of a page from the Patent, Trademark and Copyright Journal relating to H. R. 5427. If you have a copy of that Bill available I would also like to have it.

Best regards.

Very truly yours,

Howard W. Bremer  
Patent Counsel
