363 Russell Office Building

Dear Joe:

Attached you will find some material which was sent to me by Dr. Ralph Shay from Oregon State University which outlines some of their attempts to deal with various agencies of Government. These cases are illustrative of the difficulties which are involved where there is nonuniformity of agency policy. It was my thought that these might be of interest to you in relation to additional supportive material for the desirability of the new patent bill. The materials are sent with Dr. Shay's permission.

Best regards.

Very truly yours,

Howard W. Bremer
