Dear Mr. Allen:

As a follow-up to our earlier conversation regarding your Department's reassessment of government patent policy I am taking the liberty to enclose correspondence which was sent to me by Mr. Niels Reimers of Stanford University which presents some additional considerations for your re-evaluation. Also enclosed you will find a copy of a paper which I plan to give at the Midwinter Meeting of the Wisconsin State Bar on January 26 and which I think addresses some of the particular problems which we discussed during our meeting.

Again, if there is anyway in which any of us can be of help to you in your reassessment please do not hesitate to contact us.

Very truly yours,

Howard W. Bremer
Patent Counsel
