Dear Roger:

In reference to the letter you received from Niels on the voluntary reporting under A-124 I would anticipate that there are a variety of fiscal year designations by various schools. It would not seem that it would be necessary for all to report on the same basis, at least as long as the reports are voluntary. We operate with a June 30 fiscal year ending so that reporting period would be suitable for us.

Very truly yours,

Howard W. Bremer
