Dear Kent:

I note by a recent article in the Patent, Trademark and Copyright Journal that the new NASA regulations include a provision for obtaining an Institutional Patent Agreement.

It is my understanding that the man to contact on this is probably a Mr. John Manning at NASA headquarters in Washington. Mr. Manning's telephone number is Area Code 202, 755-3850.

Perhaps it might be in order for you to call him to see if there is anything that can be done to arrange for an Institutional Patent Agreement between Wisconsin and NASA.

Very truly yours,

Howard W. Bremer
Patent Counsel
