

February 8, 1979

Mr. Thomas P. Evans  
Director of Research  
Research Division  
Michigan Technological University  
Houghton, Michigan 49931

Dear Tom:

I note from a copy of your letter to Dr. Pieter Rol at Wayne State that you are already active in alerting people in your State to the up-coming Dole-Bayh bill.

It is my understanding that the bill is to be introduced on or about February 9 and, therefore, your help is again solicited to continue in your activities to interest the Michigan University group in indicating their support for the bill to their appropriate legislators.

You may already know that Congressman Rodino has agreed to introduce a companion bill in the House and will be joined in that effort by Mr. Edwards of California. Support from other and appropriate Congressmen, and particularly those on the Committee on the Judiciary, would be most helpful. I do note that Mr. Conyers of Michigan is still on that Committee.

Best regards.

Very truly yours,

Howard W. Bremer  
President
