Dear Will:

Thank you for the draft of the university position as you digested it from Jesse Lasken's paper. It is an excellent job and as you will note from my letters to Dr. Press and Mr. Eizenstat a copy was sent to each of them.

I did make a couple of minor revisions in your draft after talking with Norm Latker about it and these appear on pages 5, 8 and 9. Also, I have had no response from Shelly Steinbach and knowing that time was a heavy factor in getting backup material into Administration hands I sent your paper on behalf of SUPA. I have by copies of my letters to Dr. Press and Mr. Eizenstat informed Shelly Steinbach and Milt Goldberg of that fact. A copy was sent to AAU and to your President Magrath also.

Thank you again for your help and for a job well done.

Very truly yours,

Howard W. Bremer
