Dear Bill:

Enclosed you will find a copy of a letter I received from Vanderbilt University. I am sending this to you because I believe you agreed to be in touch with the schools in Tennessee on the new Dole-Bayh bill. The contact at Tennessee through Norman Latker has been John Callison (sp?). Will you please be in touch with Miss Lea and also perhaps Mr. Callison.

The various letters which you handed me during our recent meeting in Washington were informative in terms of indicating support but certainly did not turn up any "horror stories" which might be directly useful to us. The tenor of the letters does indicate that we should get good support from all of the schools which responded to your letter. If you have drawn any other conclusion from those letters or think additional action of some kind should be taken please let me know.

Best personal regards.

Very truly yours,

Howard W. Bremer
President
