RE: Stevenson-Wydler

Dear Howard:

Supplemental to my earlier correspondence, I have now received a letter from Phil Hamilton regarding the ASME proposed statement. I am enclosing a copy of this for your review and consideration and would ask that you please forward any comments you have directly to Phil Hamilton. I am also enclosing a copy of two proposed bills now pending before the U.S. Senate, such being S.64 and S.65. It would appear that bill S.65 is particularly relevant to Universities and you therefore may wish to review each of these bills and forward any comments to Phil Hamilton. He has informed me that hearings before the House of Representatives are already in progress but there will of course be supplemental hearings concerning this matter. He would therefore appreciate any comments you may have at your earliest convenience.
