Dear Ralph:

Thanks for your letter of March 2, 1978. It would be helpful if you could provide us with patents or patent applications minus the claims by Professor Fong. We have not as yet received a proposal from our inventor, but he is still interested in doing so.

My letter of February 16, now that I reread it, is not clear. I proposed to place the university section idea before the LES trustees meeting in New Orleans. They have already done so. This action will have no immediate effect on SUPA. If a section is formed within LES, I would hope that SUPA members would join it.

Moreover, I agree with you that it should be placed on a SUPA trustees agenda.

Very truly yours,

Larry
