Dear Howard,

I spoke with Tom Mooney of Congressman Railsback's staff regarding HR 2414. I inquired about movement of this bill through Kastenmeyer's subcommittee. He indicated that there will probably be some action by the end of January or early February.

Railsback spoke before the Virginia Patent Association two weeks ago and seemed to favor some action on patent legislation. Mooney is sending me a copy of the talk and I will make it available to you. Depending on what's in the talk. I shall probably communicate with Mooney next month.

My very best wishes for the holiday season.

Cordially,

Martin Rachmeler
