FROM: Mary Spores *Mary*

Enclosed are the minutes of the Trustees' Meeting, which please read thoroughly as there is so much legislation we discussed, and I don't want any errors in reporting. I do not have all the bills mentioned in my file and I would appreciate it if you would send me copies of the following, if you have them. The S.1074, Kennedy Bill; Balair Bill, if important; Prescription Drug Patent Licensing, Rosenthal; Energy Technology Availability Act, Seiberling. What is the Dole/Bayh resolution from LES? Also, I would like a marked-up copy of the Dole-Bayh Bill to send to each of the Trustees and any other member who requests it.

You were authorized to look into two things, as far as my notes state, and I did not get the first one. Did you have them noted. I left a blank space where one was mentioned. Also, do you have a copy of the Shell Development agreement? Copy please.

I am also sending you a detailed transcription of the notes I took, which you can refer to. Please return these to me along with the corrected minutes. I would be very surprised if there were no corrections.

One more question, is Dole supporting the LES/FOIA position or did I misunderstand? *is there on proposed legislation appears to be same.*

Finally, I am enclosing a copy of the paper Larry wrote on Licensing. I will include a copy to all the Trustees when I send them the minutes.

A long meeting, long transcription, long minutes and long memo. Your answer as soon as you can. Thank you.

P.S. Did I spell all the names right?

P.P.S. Sent copy of my detailed transcription, which you can throw away. Page 1 of each attachment only, since you have copies. Keep Larry Gilbert's paper.

P.P.P.S. That's all.
