Mr. Otto Festge  
Home Secretary, Congressman Robert W. Kastenmeier  
119 Monona Drive, Room 505  
Madison, WI 53703

Dear Otto:

I just wanted to let you know how grateful we are for the efforts you undertook to have our chairman, Dr. Ronald E. Cape, appear before Congressman Kastenmeier's Subcommittee on Courts, Civil Liberties on the Administration of Justice. Enclosed please find a copy of his prepared statement for the June 27, 1984 hearings on H. R. 3605. After reading Dr. Cape's remarks I hope you will appreciate why this matter is of such concern to us in the biotechnology industry and to the nation as a whole — particularly cancer victims.

I look forward to you dropping in for a tour of our Middleton facilities when it is convenient for you.

Sincerely,

CETUS MADISON CORPORATION
