RE: Statements of Views by Pharmaceutical Manufacturers Association.

Three representatives of the Pharmaceutical Manufacturers Association have accepted our invitation to attend the subcommittee meeting scheduled at these offices at 2:30 p.m., Thursday, October 8.

These representatives, who will be joining you at 3 p.m. for a discussion of about an hour, will include Mr. C. Joseph Stetler, Executive Vice President and General Counsel; Mr. John Worley, Associate General Counsel; and Mr. Louis I. Wolk, Patent Counsel, Merck & Co., Inc.

To permit some preliminary consideration of Association objectives and points of view, we invited Mr. Stetler to submit for your information a statement or letter summarizing the PMA position. This he has done in a letter of September 25 on the subject of "Government Patent Policy," and he also has kindly supplied additional copies for distribution to members of the subcommittee and consultants.

We send herewith a copy of Mr. Stetler's letter and also, for additional background, a copy of a PMA report, Patent Considerations in Contracts With the National Institutes of Health, of February, 1964, a paper also supplied by Mr. Stetler.
