Mr. Robert E. Gentry  
Assistant Vice President  
for Business and Finance  
The University of Wisconsin  
Madison, Wisconsin 53706

Dear Mr. Gentry:

Receipt is acknowledged of your letter of February 9, 1970, transmitting a report of an invention entitled "Time-Sampling Tape Recorder System," which was developed by Dr. Bernard A. Friedlander under a grant from the Children's Bureau of the Department of Health, Education, and Welfare.

We would appreciate your giving us the exact number of the DHEW grant under which Dr. Friedlander's invention was developed so that it can be processed on an individual basis and a formal determination made regarding disposition of patent rights.

Thank you for bringing this matter to our attention.

Sincerely yours,

Norman J. Latker  
Chief, Patent Branch
