Dear Mr. Bremer:

The Inter-association Management Related Group (IMRG) has Society of University Patent Administrators listed as a member association. However there has been no representatives from your association present at our recent meetings.

In order to update our records we would like to know if your association would like to continue its active status with the IMRG group. If so will you or one of your representatives be able to attend the next IMRG meeting in early December in Washington?

Due to rising postal and administrative costs the group has decided to send its mailings only to those associations who remain actively involved. Please notify me of your desired position on this as soon as possible.

Sincerely,

Peter G. Hunt
