Dear Dr. Janis:

Mary Spores has asked me to respond to your letter of April 20, 1979 addressed to the Society of University Patent Administrators. You asked about programs and workshops that SUPA sponsors. We have conducted such workshops usually in conjunction with the Annual Meeting. I anticipate that we will have similar programs in the future. The next meeting is scheduled in February of next year. We are also trying to develop some other types of programs primarily for the marketing of our inventions.

I strongly recommend that you become active in the affairs of SUPA. It is not a large organization, but it is very active and useful in this specialized area.

If you wish to learn more about SUPA, Dr. Ralph Davis at Purdue is the Regional Vice President and I am sure he will be glad to talk to you.

Very truly yours,

Ray E. Snyder
