Dear Howard:

Enclosed is a copy of a letter I received from Becton, Dickinson. Dr. Duffie was one of the people who showed the greatest interest in cooperating with us in order to carry out the intent of the Dole-Bayh Bill.

I had lunch yesterday with Mr. William Golomski who ran the AMA program on the Finding, Screening, and Appraising New Products, which I attended last September. I was interested in exploring with him the possibility of SUPA running a program through the AMA. As with any such idea there are some good points and some bad ones. I believe this is a subject we might wish to consider at the next meeting in February.

Very truly yours,

Ray E. Snyder
