Mr. Howard W. Bremer
President, SUPA
Wisconsin Association Research Foundation
614 North Walnut Street
Madison, Wisconsin 53705

Dear Howard:

This is in response to your letter of May 26, 1978.
The suggested meeting date of June 26 is acceptable to me,
and I shall be pleased to attend.

With regard to the next annual meeting, assuming it
will be held in conjunction with the Dvorkovitz meeting, I
presume that the SUPA meeting will precede the Tech Ex
on February 26, 1979. As I told you by phone, I hope to
invite Don Banner to the meeting and will need to ask him
to make the commitment early on.

If Will Fornell is handling the program plans, perhaps
he should send a formal invitation on behalf of SUPA. I
recommend that he give serious thought also to inviting
Betsy Anchor Johnson. She was a real friend and I believe
she might be interested in seeing that we're still alive
and functioning.

Yours very truly,

Ray E. Snyder
