Dear Mary:

Following up on my letter to Will Fornell of November 10, I enclose a revised outline of the considerations to be covered in the workshop on patenting at the next SUPA meeting. I had asked for suggestions for polishing up this outline and received some from both Ralph Davis and Will Fornell and have modified the outline accordingly.

I believe that this outline is now in shape to be submitted to Larry Gilbert for inclusion in the next Newsletter - prior to the annual meeting. I don't know what Larry's deadline is on this, but if there are any additional amendments or modifications to this outline, I trust that the addressees will submit them prior to this deadline.

Very truly yours,

Ray E. Snyder
