Mr. Howard W. Bremer, Patent Counsel  
Wisconsin Alumni Research Foundation  
614 North Walnut Street  
Madison, Wi. 53705

Dear Howard:

As I recall you agreed to chair a SUPA committee concerned with developing a suggested format for agreements between universities and industry so that confidentiality could be maintained on disclosures of inventions or possible inventions. I would appreciate some word as to how you are progressing.

Sincerely yours,

Raymond J. Woodrow
