Mr. Norman J. Latker
Chief, Patent Branch
Department of Health, Education, & Welfare
Washington, D. C. 20201

Dear Mr. Latker:

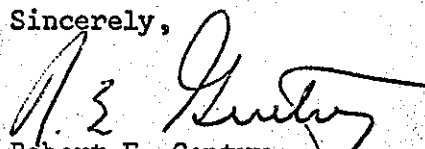

Enclosed is an Invention Record and Report prepared by
Dr. Bernard Z. Friedlander describing his invention "Time-
sampling Tape Recorder System".

Since the execution of our patent agreement with the
Department of Health, Education, and Welfare, employees of the
University of Wisconsin making discoveries under HEW sponsor-
ship, have a choice of having the discovery investigated for
patent possibilities by the Wisconsin Alumni Research Foundation
or releasing their entire right to the U. S. government.
Dr. Friedlander has elected this latter alternative.

Dr. Friedlander will be pleased to cooperate with your
office in any way required to bring this matter to a satis-
factory conclusion. You may reach Dr. Friedlander at the follow-
ing address:

Dr. Bernard Z. Friedlander
