Dear Dr. Woerpel:

We have checked with our printer concerning the mailing-date question raised in your letter of August 6. The printer's records show that first copies of the September/October 1963 issue of the Journal of Agricultural and Food Chemistry were put into the mails on September 19, 1963.

If we can be of any further service, please let us know.

Very truly yours,

Rodney N. Hader
