Dear Howard:

Enclosed is a copy of the speech that Dr. Saxon gave before the Licensing Executive's Society on September 18, 1979.

I believe this speech will be of interest to members of the Society of University Patent Administrators. Do you have any mechanism for such a distribution? If not, would it be possible for us to get a copy of mailing labels so that we can forward it to the members?

Your advice and comment is solicited.

Best regards.

Sincerely yours,

Roger G. Ditzel
Patent Administrator
