November 29, 1978

Mr. Howard W. Bremer, Patent Counsel
Wisconsin Alumni Research Foundation
614 North Walnut Street
Madison, Wisconsin 53705

Dear Howard:

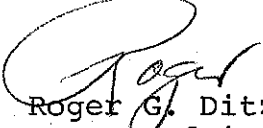

In talking to O.A. Neumann the other day, I learned that the final report of the Ad Hoc Committee on Government Patent Policy has finally been issued for the period 1973-76, as well as some supplemental information bringing the report up to date. As you recall, this was the study group that brought about the Thornton and Dole/Bayh bills.

O.A. asked that you send him a list of SUPA members so that a copy of the report could be sent free of charge to each of them. I understood that extra copies will cost \$10 each.

Also, will you please change my address of record to 491 University Hall, University of California Systemwide Administration, 2200 University Avenue, Berkeley, California 94720. I would appreciate this address change both in the WARF records and SUPA records.

Things are rather busy and hectic out here, but I am enjoying it thoroughly. I'm looking forward to the next time we can get together to compare notes. Perhaps that will be at the SUPA meeting.

Best regards,

Roger G. Ditzel
Patent Administrator
