Dear Pete:

Re: NIH

I have yours of November 3 in regard to the above. I think when you return from Europe we perhaps should have another get-together on this situation. In the meantime, we will review among ourselves Bob Underhill's comments and give consideration to the possible modification of the University's request to NIH. I am not at all certain that the timing is right for this, but at least we should discuss it.

Best personal regards.

Very truly yours,

Ward Ross,
Managing Director
