The University of Wisconsin
171 Bascom Hall
Madison 6, Wisconsin

Dear Pete:

Re: Public Health Service
Patent Problem

To supplement and to be added to the material we left with you in Connie Elvehjem's office yesterday regarding the above, enclosed are two sets of pertinent correspondence involving the Research Corporation and Princeton University. Note that in Research Corporation's letter to me of January 30, 1959, they asked that we use discretion in referring either to Research Corporation or Princeton University in our further negotiations with Public Health Service, and in my letter to Research Corporation of February 4, 1959, I agreed to use such discretion.

We stand ready and willing, as I said yesterday, to join you in a further conference after you have had a chance to study and review this matter.

Best personal regards.

Very truly yours,

Ward Ross,
Managing Director

WR/amb
