Dear Mr. Pike:

Thank you for your recent telegram in support of the McKinney-Fuqua Amendment to Section 19(R) of the Synthetic Fuels bill, H.R. 12112.

You probably know that following debate on a procedural motion, the rule providing for consideration of the bill by the House failed of adoption. At this point, it seems most unlikely that the House will give any further consideration to this measure in the 94th Congress. I regret that the bill was not debated on its merits.

With best wishes,

Sincerely yours,

William A. Steiger
Member of Congress
