

September 27, 1979

Mr. Howard W. Bremer
Patent Counsel
Wisconsin Alumni Research Foundation
614 North Walnut Street
Madison, Wisconsin 53705

Dear Howard:

Tom Stelson finally called me back today and agreed to talk to his contact in Louisiana about bringing Wiley Jones up to date on our great interest in seeing the Dole-Bayh Bill passed. Every effort will be made to make sure Jones is on our side.

Incidentally, Tom mentioned that he will be in Washington for the up-coming small business meeting at which the Small Business-University joint effort on Dole-Bayh will be discussed.

Again, I regret that I am committed for October 17; otherwise, I would be more than glad to testify on behalf of SUPA and the universities on that day.

Best personal regards.

Sincerely,

William O. Burke
Assistant Vice President
for Research
