Re: Uniform Science and Technology, Research &
Development Utilization Act of 1981 --
S. 1657 (Schmitt) and HR. 4564 (Ertel)

Dear Bill:

This will confirm our telephone discussions sub-
sequent to receipt of your letter of October 10, 1981.

Thank you very much for following through on this
matter. It is extremely important and I know it is of
strong personal interest to you. I agree with all of the
matters that you have undertaken and hope that you will
continue to take the laboring oar in cooperation with
Senator Schmitt's staff.

Enclosed is a copy of page 3 of IPO News for
October 1981 relative to the IPO position and the statement
by Cruz Alexander. I also received from Cruz a copy of the
enclosed article from Electronic News from October 5, 1981
on the same subject. Obviously, 3M's position was well
received.

Sincerely

[Handwritten signature]

Wm. Marshall Lee
