SUPA has important role
Technology transfer
Process of invention, patents
& tech transfer more
difficult & complicated
in universities than in
most industries
yet universities are
never closer to the
concept of the importance
of the invention with
respect to his invention
as recognized by the
program in the US
constituted out of
what our patent laws
have evolved.
So power to SUPA
Two main areas - handling
patents in univ &
dealing with US gov
