Dear Dr. Cardon

In an attempt to keep you informed of USC's support of S.414 and H.R.2414, please find enclosed recent correspondence from Honorable George Danielson and Senator Hayakawa regarding our correspondence to them on the above "University and Small Business Patent Procedures Act". I personally have been on the hill to discuss with the staffs of Senators Hayakawa and Cranston and Congressman Danielson this bill. In addition, we have sent to all Southern California Congressmen a letter of support for the bill.

Best regards

Clark A. McCartney, Director
Department of Contracts and Grants
