Ms. Josephine Opalka Patent Administrator University of California 575 University Hall 2200 University Avenue Berkeley, CA 94720

Dear Jo:

The attached memorandum was recently sent out to SUPA members. As you will recall, HEW permitted the university to use our IPA on a one-time basis recently in order to encourage inclusion of private funding intoaan NIH grant project, even though inventions had not yet been identified.

Unfortunately, I forgot the investigator's name. Could you write to Bill Burke and describe the case in a short narrative? It would be very helpful in evidencing the value of IPAs in attracting private funding.

Thank you.

Sincerely yours,

Norman J. Latker Patent Counsel
