Mr. Carl B. Wooten
Executive Director
The University of Virginia
Alumni Patents Foundation
Thorton Hall
Charlottesville, Virginia 22901

Dear Carl:

Many thanks for your considered response to our request for your experiences and judgment regarding the effects of ~~title-in-the-government~~ or deferred-determination government patent policies on the level of private R & D funding and your invention licensing successes at the University of Virginia.

Your comments will be most helpful as we combine them with the replies of others to push for legislation which will make the IPA approach government-wide policy.

Best personal regards.

Sincerely,

William O. Burke
