Dear Norm:

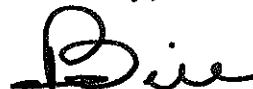

It was a great pleasure to be with you again at the annual SUPA meeting in Atlanta.

You indicated that it would be very helpful to you to have copies of our correspondence with the Georgia Congressional Delegation and the White House regarding H. R. 8596, and I am sending same herewith.

Let's hope that we are successful in bringing this whole question to a satisfactory conclusion.

Best personal regards.

Sincerely,

William O. Burke
