Subject: Committee draft of proposed legislation
as revised by H.R. 6249

Enclosed is a copy of the Committee draft as revised by H.R. 6249 prepared by my Administrative Assistant.

The bracketed material shows the deletions and the underlined material the additions. Many of the revisions are purely editorial. In addition, quite a few of the revisions merely transpose substantive material from one section to another. Furthermore, the enclosure contains several substantive additions or deletions, some more readily seen than others.

Messrs. Grossman and Neumann did not specifically identify the revisions with an analysis thereof as directed by the Subcommittee, but will be willing to do so if this is deemed desirable.
