

MP-91

Notice

MEMORANDUM

April 2, 1938

Remitter: Fairfax County School Board (19862)

Title: "Suggestions for Guidance in the Elementary Schools
of Fairfax County, Virginia "

Question: Acceptance of rubber stamped copyright notice.

The copies deposited contain the copyright notice in the full authorized form, but the notice has been applied by means of a rubber stamp.

It is the opinion of Mr. Smith and Mr. Wise that these applications should be accepted and registration made. Mrs. Rafter, on the other hand, feels that the notice of copyright should be questioned since the date of publication given therein is 1936 *and the notice is applied by rubber stamp.*

Respectfully submitted,

W. El. Wise

Chairman, Revisory Board

Register as applied for by order of Mr. Howell 4/8/38
