SPECIAL MEMORANDUM

To be included as part of the
minutes of the Revisory Board

(Mins. Jan. 22, 1941)
March 11, 1941

Remitter: Harper Henry Peace (4657)--Class A.

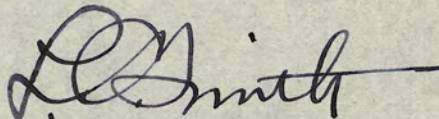

Title: "Handy Reminder for Grocery Shopping List"

On January 22, 1941 the Revisory Board unanimously recommended the registration of a copyright claim of "Handy Reminder for Grocery Shopping List" which was completed under Class AA, No. 356566. The recommendation upon the envelope read: "Enter as applied for as per order of Register."

On February 28, 1941 it was brought to the attention of the Register of Copyrights that this action was taken. The Register pointed out that the hurried discussion that he had regarding this matter on January 22, 1941 with Mr. Smith and Mr. Wise should not have been interpreted as a final decision on his part and that therefore the Board was in error in stating that entry should be made by the order of the Register of Copyrights. He thereby made this notation below the Board on the Unfinished Business envelope:

"To Revisory Board: There was no examination by the Register and no order based on such supposed examination. Please note the error on this envelope. C. L. Bouvé Feb. 28/41."

He requested that this be brought to the attention of the other members of the Board and be made a part of the minutes.
